To Whom It May Concern:

It is an honor and a privilege to write this letter of recommendation on behalf of Dr. Vicki Denmark as a candidate for a second term as South Region Trustee. I have known Dr. Denmark for many years and have worked with her in many capacities. She is a dedicated middle level educator and has served middle level students at the local building level, the district level of a metropolitan school district, and the state level as the President of the Georgia Middle School Association. I first worked on the Board of Directors of GMSA with Dr. Denmark when she was a middle school principal. I was impressed with her knowledge and with her leadership expertise. I have since had the privilege of working with her in the same school district where she has served as my supervisor in various capacities. The commitment to excellence in each of the positions has been exceptional. Dr. Denmark's ability to get large groups of independent thinkers to come together for a common goal has helped to make Fulton County middle schools some of the best in the state.

Dr. Denmark is an excellent representative for middle level education to outside agencies and groups as we seek to increase awareness of the importance of these critical years in education. She has served the organization well as the South Region Trustee. Dr. Denmark has reached out to those in her region and established great relationships with state affiliates and others interested in improving middle level education. I believe she is the right person to continue leading the region and the organization through pending changes and plan for the future.

I am fortunate to be able to call Dr. Denmark a friend and colleague. I know her integrity and commitment to the organization is unwavering and therefore I heartily endorse her nomination for the South Region Trustee.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dr. Kimothy Jarrett', written over a horizontal line.

Dr. Kimothy Jarrett  
GMSA Executive Director
